

Paper Doily Tablecloth

1.) Select colors of card stock to cut your shapes out of.
I ♥ BAZZILL paper so I used
"Prismatic" Sunflower Med. $\frac{1}{3}$ Desert Cora

2.) For the doily shapes
I used the Cindy Loo
Cricut cartridge
and cut out the 2
diff. circular doilies
 $\frac{1}{3}$ the matching shadow
shapes.

3.) After I cut enough out of
the 2 colors of cardstock
I basted them (w/ spray mount)
to a thin muslin.

4.) Then I covered the entire square w/ Heat n' Bond IRON-ON vinyl.

That's it! Now I have a cut table cloth!

You can use this technique to make a large tablecloth, a runner or even placemats would be cute!
